RE: RJO Networks, LLC

Dear Rich:

I would like take this opportunity to thank you and your team for the excellent work with our computer system. We are so glad we made the decision to use RJO Networks as our IT services provider. Your Preventative Maintenance Plan has been successful in bringing our computer network up to the high level of reliability required by our firm. It may seem like over simplification but it really is a relief to know that our computers do what we need them to do when we need them to do it.

Your technicians are courteous, professional, prompt, and helpful. Having access to technical support via telephone or remote access has benefitted us greatly by resolving the problem more quickly and without the cost of an onsite visit.

Thank you again for your professional and courteous service.

Sincerely yours,

HUFF, WOODS AND HAMBY
