Dear Rich:

I wanted you know how much Turtlecreek Capital Partners appreciates the services by RJO Networks. Being a small business, we don't always have the IT skills and experience that are needed to keep our computer network up and operating successfully. RJO Networks leadership brought organization to our very unorganized computer network.

We appreciate RJO Networks quarterly maintenance plan that keeps our network running smoothly and catches small problems before they become big ones. Having RJO Networks on call when we do experience issues is a real plus, someone always responds within minutes and the majority of problems have been fixed quickly using remote capabilities avoiding a visit. When we have had problems that required an on-site visit, someone from RJO has always arrived promptly to fix it!

My boss tapped me on the shoulder the other day and said, "One of the best decisions we have made was hiring RJO Networks to manage our computer networking needs."

We would highly recommend, to any company, RJO Network's professional computer maintenance services.

Sincerely,

A handwritten signature in cursive script that reads "Steve Weber".

Steve Weber
Manager Director
Turtlecreek Capital Partners
